

Cannon Finds New Home

With the help of many community members a salvaged cannon from the wrecked San Jose Spanish Ship has found yet another new home.

Zully Hemeyer and Ralph Salvatory from the Public Works Department in the Village of Islamorada worked with Mark Page from Page Excavating and Mike from Guy's towing to move the cannon to its new home at the First State Bank's Key Largo Tradewinds office. The Village had housed the cannon since it was moved for the third time. The hope is that this will be its last home until it is placed in a Historical museum planned by the Matecumbe Historical Trust.

The cannon came from the San Jose, one of the Spanish ships wrecked along the Keys, in July of 1733 and was donated several years ago by Ronald Molinari, DDS, from Tavernier who worked this wreck. The cannon, more than 9-feet long and weighing 3000 pounds was taken to Tallahassee and spent three years in electrolysis. It was taken

from the tank and restored. Dr. Molinari wanted it protected from vandals and weather and offered it to the Matecumbe Historical Trust. Bill Gustafson built a carriage from the original plans. Funds were provided by a dinner and show at the Green Turtle Inn by Henry Rosenthal who contributed all the proceeds to the Historical Trust.

Betty Brown from First State Bank discussed displaying the cannon with Patti Marshall the Tradewinds Branch Manager and both agreed it was a great idea to house the cannon at the office. The community can enjoy it and also bring awareness to the Matecumbe Historical Trust lead by Irving Eyster.

A big thanks goes to all who helped moved the Cannon.

Remedy's Health Food

...Continued from page 19
synthetic form can be hazardous to your health and can hinder the absorption of natural E.

Be careful when you see items on labels such as natural glaze or tablets which contain potentially allergenic binders, fillers and often coloring agents. They are coated with shellac (listed in the ingredients as "natural glaze") or vegetable coating (derived from corn, to which many people are sensitive). Potentially allergenic fillers are used to top off capsules.

The bottom line is you matter and your health matters. Purchase from a reputable health food store where they personally have a stake in your health. Ask the Licensed Nutritionist on staff to recommend what is best for you as an individual and your family. It may cost you 25 cents more, but you will find in the long run that you will come out ahead financially and your health will benefit.

Bait, T-Shirts, Soda, 2 for 1, and Supplements-Should they be combined? No, because you matter!!!

Parrot Heads Call for Membership

Parrot Heads are first of all fans of Jimmy Buffett's musical story-telling, and the laid back, island lifestyle he has come to symbolize. But as usual, it isn't quite that simple.

We don't just party - well sometimes we do - but we are usually partying with a purpose, like raising money for wild bird care, boating out in search of areas that need some cleaning up, or offering to volunteer to help local groups with their fundraisers like the annual Chili Cook-Off or Relay For Life.

There's always something to do, we always have a great time doing it, and we are always looking for new members to sign on with the crew of Pirates on the Water in our never ending quest for Friendship, Citizenship, and Partyship .

We welcome you to join us at any of our general meetings or happy hours to have some fun and meet us! Visit our Web site: www.piratesonthewater.com to see our calendar of events. You'll also find a downloadable application form if you just can't wait to get aboard!
