Remembering Janice Hawley Woods

The family of Janice Hawley Woods would like to thank all of their friends for the immense support and condolences received since her passing.

"We sincerely thank everyone for their support," says her husband Woody Woods and daughter Georgie Dunn. "Your kind words and giving hearts have been of great comfort to our family."

"We not only appreciate the people who have reached out to share their memories of her with us," says granddaughters Mandi and Nikki Dunn. "But also the countless friends who have lent an ear to listen to our memories."

Janice Hawley Woods, devoted wife of 62 years to Woody Woods, a most loving mother to her only daughter, Georgie Dunn, an admiring

mother-in-law to Barry Dunn, and an immensely giving Grandmother to Granddaughters Nikki and Mandi Dunn (all of Key Largo), has lost her long battle with emphysema at the age of 83, on April 12, 2010.

She and her husband left Connecticut in 1948 to start a new life in Miami, FL. Janice was an excellent substitute teacher there. After falling in love with the Keys, she and her family moved to Key Largo in 1963. She is best loved by her friends for teaching water aerobics and Thai Chi, where she got the nickname "Sarge."

Her love, smile, humor, and remarkable creativity will be truly missed by her family and friends.

Entertainer of the Month Jimmy Bullet Ray

Singer, songwriter, musician, entertainer Jimmy Ray has the most loyal and devoted following the Coconut Telegraph has seen in a long time.

Key Largo entertainer Ted Hyde remarks "Jimmy Ray is the kind of entertainer that makes you feel good inside." And Ted is right. You just can't help but smile.

It is Tuesday, Ladies Night at the Big Chill, and the place is packed. Jimmy Ray is on stage in the middle of a song. The ladies walk up to the stage to plant a kiss on him and he never misses a beat. He is that approachable.

He keeps the music flowing and before you know it everyone is dancing and having a great time. It is island music at its best. He can play anything including rhythm and blues, soul, rock 'n 'roll, reggae, old standards and top 40 hits; and he's as involved with his audience as they are with him.

Come see Jimmy every Tuesday night at the Big Chill (inside bar) and Friday nights where he plays at the tiki bar with Derrick Herring on keyboard and vocals. Treat yourself to a great time.

For more information on Jimmy Ray, to listen to his music online, or purchase a CD go to www.JimmyBullett.com.
