

Enchanted Sea Crystals Frequently Asked Questions

- Q. How do you activate the negative ions that clean the air?**
- A. Arrange them around a tea candle, in an oil burner or put them in a sunny window because they are activated by heat.
- Q. My crystals have lost their scent, what do I do?**
- A. Just refresh them with your favorite oil or perfume. They do not have to smell pretty to neutralize the air.
- Q. I have had my Enchanted Sea Crystals for a couple of months and use regularly and they are starting to look funky, what can I do?**
- A. Relax, they are salt. Just run them under the faucet for a few seconds for a quick wash and they should look new again. If they don't it might be time to toss them out and buy some new ones.
- Q. Will one dish of Sea Crystals clean my entire house?**
- A. No. One dish will only clean a 5' x 7' area. You may need them in your office, den, kitchen, living room, bedrooms and bathrooms.

Enchanted Sea Crystals

Natural Sea Salt Potpourri

Perhaps you have noticed that your feeling of well being is intensified in pure mountain air, or at the seashore, or after a thunder-storm. This is due to the higher concentration of negative ions in these surroundings. Objects that release negative ions are believed to purify air and promote good health.

Enchanted Sea Crystals are pure ionic sea salt crystals, solar evaporated from the clear blue waters of the Caribbean Sea; colored in rich hues and infused with pure oils to provide lasting fragrance. The fragrance from the crystals is as strong as candles, yet it is safe to your health and environment.

Enchanted Sea Crystals will retain their fragrance up to three months (without adding more fragrance oil) depending on the environmental conditions of the room. Direct sunlight and strong air exposure will cause the fragrance oils to evaporate faster but will not affect the ionic value.

Golfer with One Arm

There was a man who lost one of his arms in an accident. He became very depressed because he had loved to play golf and no longer could.

One day in his lock-of-golf-induced despair, he decided to commit suicide. He got on an elevator and went to the top of a tall building to jump off.

He was standing on the ledge looking down when he saw a man skipping along, whooping and kicking up his heels. He looked closer and saw that this man didn't have any arms at all. He started thinking, what am I doing up here feeling sorry for myself, I still have one good arm to do things with. There goes a man with no arms skipping down the sidewalk so happy, and going on with his life.

He hurried down and caught up with the man with no arms. He told him how glad he was to see him because he had lost one of his arms and felt useless and was going to kill himself. He thanked him again for saving his life and said he knew he could make it with one arm if that guy could go on with no arms. The man with no arms began dancing and whooping and kicking up his heels again.

So the man with one arm had to ask, "Why are you so happy anyway?"

The armless man answered, "I'm NOT happy, dang-it. My balls itch."
