

Letter to the Editor

Dear Editor,

I have been a resident of the Upper Keys for over 20 years and always had health insurance. For the longest time I passed by a billboard advertising free health care and I thought there must be a catch. Unfortunately I fell on hard times and could no longer afford health insurance so I went to the Good Health Clinic across US 1 from Mariner's Hospital and I qualified for the program.

The quality of service and attention I received far surpassed any of the doctors I had been to previously. They got my cholesterol and high blood pressure under control and provided the more expensive medicines. The dermatologist treated me for existing skin cancer and pre-cancer, also finding discounted drugs for me. My left hip needed to be replaced so they found a surgeon to do the surgery pro bono including a 3-day stay in the hospital. They continued with physical therapy and administered the follow-up drugs I needed with no charge to me.

I will always be thankful to Dr. Yankow and his wonderful staff for greatly improving my life. So for good health call 305-853-1788.

Sincerely,
Betty Chiavarini
