Perceiving the Infinite Using Your Psychic Gifts

People often have difficulty accepting that they have been blessed with psychic abilities.

Psychic experiences are a natural part of our every-day lives. People often have difficulty accepting that they have been blessed with psychic abilities because without a frame of reference it is almost impossible to identify an extrasensory experience and to distinguish psychic sights, sounds, and sensations from the projects of the unconscious mind.

To some extent, every human being on the planet is clairvoyant, clairaudient, and clairsentient, although most people discover that they are naturally adept at one more than the others.

When you trust in and take steps to hone your innate clairvoyance, clairaudience, and clairsentience, you will enter a new realm of being in which the universe, your higher self, and your spirit guides lovingly conduct you toward a more aware existence.

Clairvoyance, or clear seeing, is the ability to see with the mind's eye. An individual who has honed their clairvoyant abilities may be able to see in their mind's eye events in a remote location; to witness incidents that have yet to occur; or to perceive shapes, colors, and other images that are physically invisible.

Clairaudience, which means clear listening, is the ability to hear sounds not physically audible. A person with the gift of clairaudience perceives psychic information as auditory resonance and may hear angelic voices, music, or

other sounds. A clairsentient, or clear feeling, individual is able to sense physical, emotional, and spiritual energy in the form of seemingly unearthly scents, touches, and movements.

Each of these psychic abilities can manifest themselves within us voluntarily or involuntarily. It is natural for us to have these abilities; we need only practice.

Developing your psychic talents is a matter of releasing your fear of seeing, hearing, or feeling inexplicable or disquieting stimulus. Before you attempt to consciously tap into your gifts, ground yourself to anchor your mind in the present to disconnect from any involuntary psychic experiences you may be having.

Concentrate on your intuitive responses to the world around you and notice any sights, sounds, or feelings that enter your mind.

If you trust your perceptions, you'll discover that each psychic impression you receive will be in some way relevant to your experience— even when that relevance may not be immediately recognizable.

Dear Anny Bannanny

Dear Anny Bannanny,
Some of my friends got into a heated discussion the other night on what is cock blocking. We decided to ask you for a definition. What exactly is cock blocking and can women do it too?

Yours Truly,
Curious

Dear Curious,
Cock blocking is a slang term for an intentional or unintentional action that could prevent or obstruct someone from having sexual intercourse. It is often motivated by jealousy or competitiveness although sometimes it is accidental. A cock blocker is usually a man who stands in the way of another man's attempt to talk to a prospective romantic or sexual partner.

Here is an example of intentional and malicious cock blocking, "Hey sweetie, did that guy you were dancing with earlier tell you that his wife has AIDS? Guess how he found out? Yeah, it's a sad situation all around. He used to be a good friend of mine until those rape allegations against him. It was damn shame about that girl really. What are you drinking?"

Another one "Hey handsome, did you know that floppy-breasted, smelly, drooping-bellied old facelift senior citizen hag hitting on you has banged more island scum since her old man dumped her than a screen door in a hurricane? You aren't going to be next are you?"

Other words for cock blocking are schlong suppressing or blue balling.

Much like the term cock block for men; the beaver block is a reverb for a female. Defined as the actions taken when one female steps in front of another female to void a sexual advance from a man. Other terms for beaver blocking are muff bluffing, clam jamming, twat swatting, and snail trailing.

Anny Bannanny now has her own Facebook page so please let me know if I have left anything out.

Yours truly,
Anny Bannanny
