Robert Foley Awarded: Life Saver

At dusk Tuesday, August 5th, Robert Foley, 27, his brother Matt Foley, 22, and Shelby Reno, 20, were heading off Windley Key to see the sunset. The trio spotted a 17-foot Carolina Skiff doing a serious of unusually abrupt turns. They moved in for a closer look, and saw two people in the water.

Robert approached the boat paralleled its speed, and jumped onto the abandoned skiff, then shut down the motor. Seriously wounded, Henry Osmer, age 61, was in shock in the water. Robert hauled him in, and Matt helped the woman, Debra Potrok to safety.

Potrok applied first aid while Robert drove the couple toward the Coast Guard Islamorada station at Snake Creek. Matt and Shelby had alerted the station, which sent a vessel to meet them midway. Osmer was airlifted to Ryder Trauma Center. He suffered lacerations on his left leg and chest, and a broken leg, and is still recovering.

Robert Foley and Shelby Reno

Robert said that rescuing the couple was an automatic response for himself. Matt and Reno when they saw they were in distress. Liberty Mutual Insurance recently awarded Foley their Life Saver Award, "For outstanding courage and humanity." While the company gives out about 25 of these a year, individuals are rarely recognized; it's usually given to groups.

Robert Foley works for UPS in Islamorada, and is a graduate of Coral Shores High School. We couldn't be prouder!!
