Mensa Problem

Some years ago, there was a Mensa convention in San Francisco. Mensa, as you may know, is a national organization for people who have an IQ of 140 or higher.

Several of the Mensa members went out for lunch at a local cafe. When they sat down, one of them discovered that their salt shaker contained pepper, and their pepper shaker was full of salt.

How could they swap the contents of the two bottles without spilling any, and using only the implements at hand?

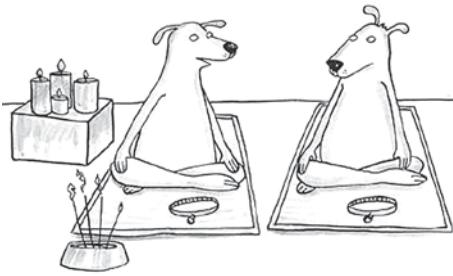

Clearly - this was a job for Mensa minds.

The group debated the problem and presented ideas and finally, came up with a brilliant solution involving a napkin, a straw, and an empty saucer. They called the waitress over, ready to dazzle her with their solution. "Ma'am," they said, "we couldn't help but notice that the pepper shaker contains salt and the salt shaker pepper."

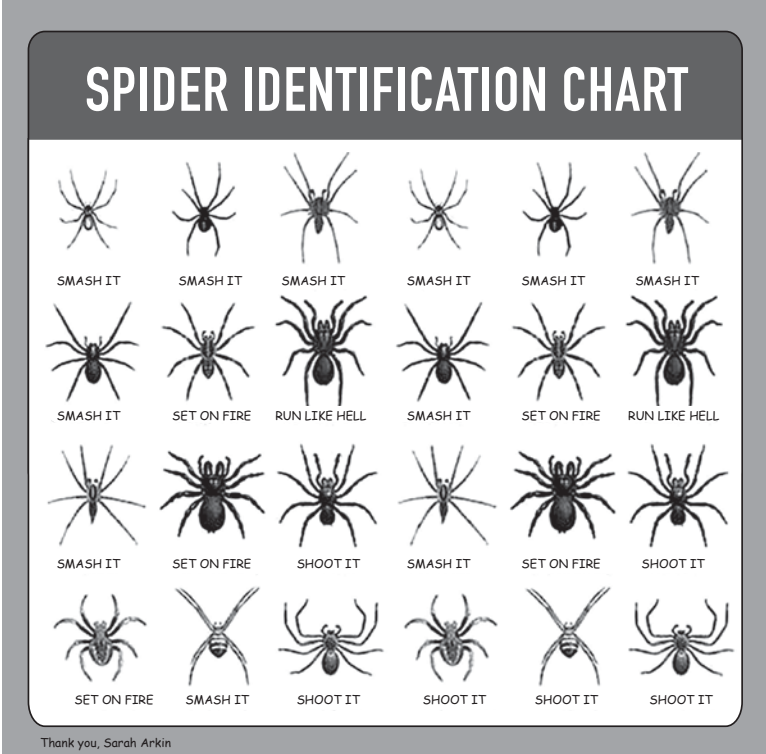

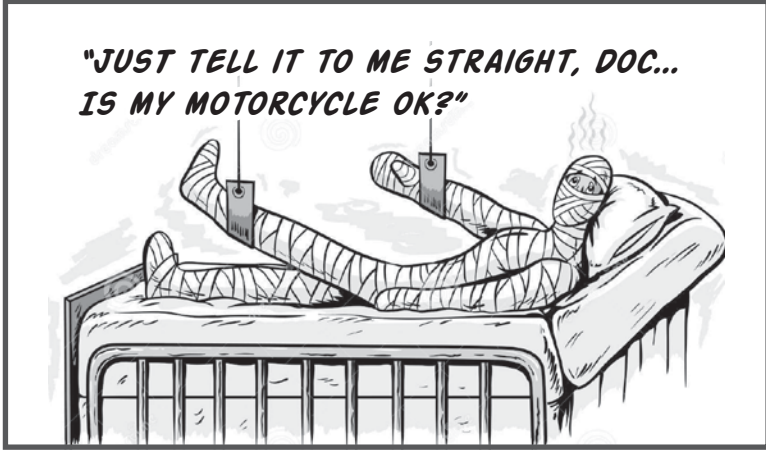

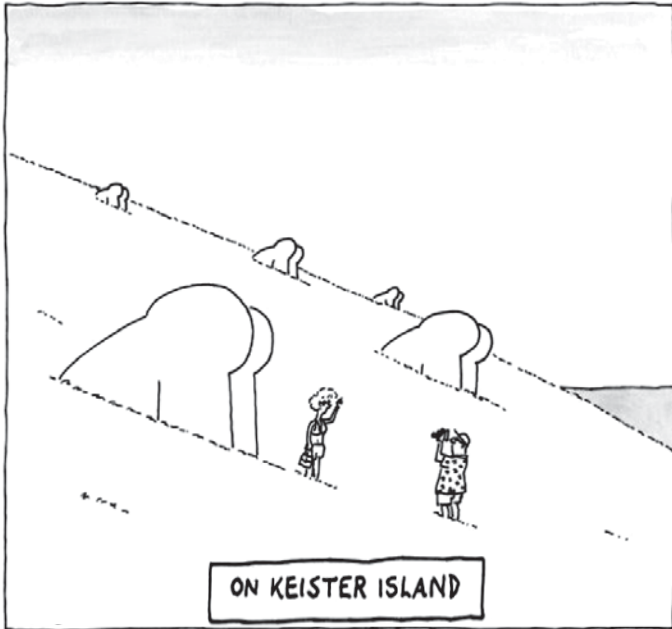

But before they could finish, the waitress interrupted. "Oh— sorry about that." She said as she leaned over the table, unscrewed the caps of both bottles and switched them.

There was dead silence at the Mensa table.

50 SHADES OF GREY

Four guys have been going on the same annual fishing trip for many years.

Two days before the group is to leave, Ron's wife puts her foot down and tells him he isn't going this year.

Ron's mates are very upset that he can't go, but what can they do?

Two days later the three friends get to the camping site to find Ron sitting there with a tent set up, firewood gathered, and dinner cooking on the fire. He is sitting and having a cold beer.

"Shit Ron, how long you been here, and how did you talk your missus into letting you go?"

"Well, I've been here since last night. Yesterday evening, I was sitting in my living room chair and my wife came up behind me and put her hands over my eyes and asked, 'Guess who?' I pulled her hands off, and there she was, wearing a nightie. She took my hand and pulled me into our bedroom. The room had candles and rose petals all over. Well she's been reading *50 Shades of Grey*...

On the bed she had handcuffs, and ropes! She told me to tie her up and cuff her to the bed, so I did.

And then she said, "Do whatever you want."

So, here I am!

Be Smarter

A customer at Green's Gourmet Grocery was marveling at the proprietor's quick wit and intelligence.

"Tell me, Green, what makes you so smart?"

"I wouldn't share my secret with just anyone," Green replies, lowering his voice so the other shoppers wouldn't hear, "but since you're a good and faithful customer, I'll let you in on it. Fish heads. You eat enough of them, you'll be positively brilliant."

"You sell them here?" the customer asks.

"Yes! Only \$4 each," says Green.

The customer buys three. A week later, he's back in the store complaining that the fish heads were disgusting and he isn't any smarter.

"You didn't eat enough" says Green.

The customer goes home with 20 more fish heads.

Two weeks later, he's back... and this time he's really angry.

"Hey, Green!" he says. "You're selling me fish heads for \$4 apiece, and I could buy the whole fish for \$2. You're ripping me off!"

"You see?" says Green. "You're smarter already!"

A Tattooed Lady

A woman walks in to a tattoo parlor and tells the artist she would like two tattoos, one of Robert Redford on her left upper thigh, and one of Paul Newman on her right upper thigh. After hours of work, the tattoo artist is finished and holds a mirror between her legs for her to view.

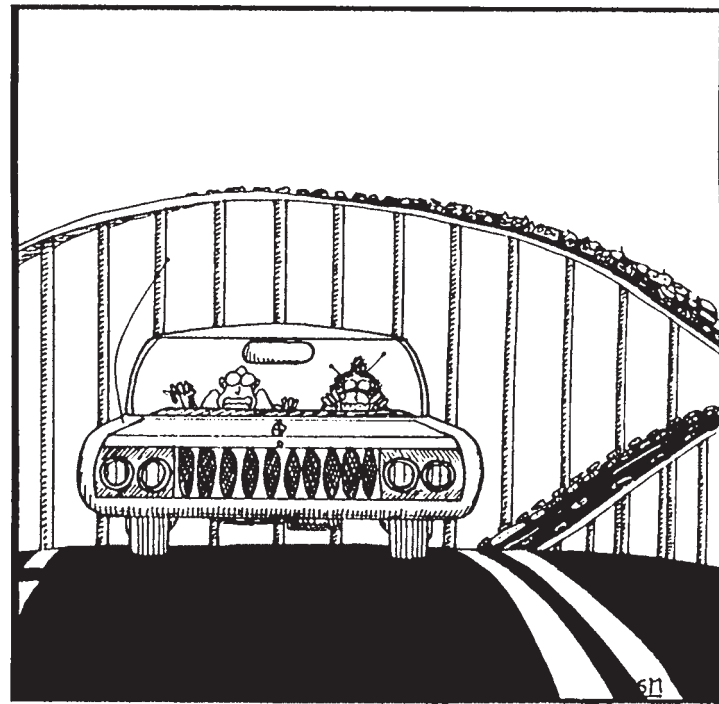

The woman says, "I don't know if these really look like Paul and Robert, and I ain't paying' for this if it isn't right!" She tells the artist she will go just outside the business and ask someone walking down the street if they know who the two men are on her thighs, if they answer correctly, she would pay.

She soon sees a man walking down the street, so she pulls up her skirt and asks him, "Can you tell me who the man on my right thigh and the man on my left thigh are?"

The man replies, "I dunno, but the one in the middle looks like Willie Nelson."
