Editorial: Pick Up Lines for the Chronologically Challenged

I have noticed lately that older men still use the same adolescent pickup lines they've always used, and they make me cringe. "Want to see something swell?" and "Sit on my ----" just doesn't cut it guys!

When you reach a mature age, you need to change your repertoire of pick up lines if you're ever going to get lucky.

Here are a few to help you get started:

Ohh baby,
did you fart?
cause you just
blew me away!

My teeth and I no longer sleep together but you and I definitely should.

My war buddies over there bet I wouldn't be able to start a conversation with the most beautiful girl in the room. Wanna buy some drinks with their money?

I might be a retired photographer, but I can still picture us together.

If I had to choose between breathing and loving you... I'd take my last breath to say "I Love You."

How about I take you home and show you my medicine cabinet!

Did I tell you, I'm filthy rich and my mother is dead?

Just wait until you see the size of my... social security check.

Your company is so delightful, I'm contemplating putting a new battery in my hearing aid.

Is your name Viagra, 'cause I don't think they will be able to close my casket after a night with you.

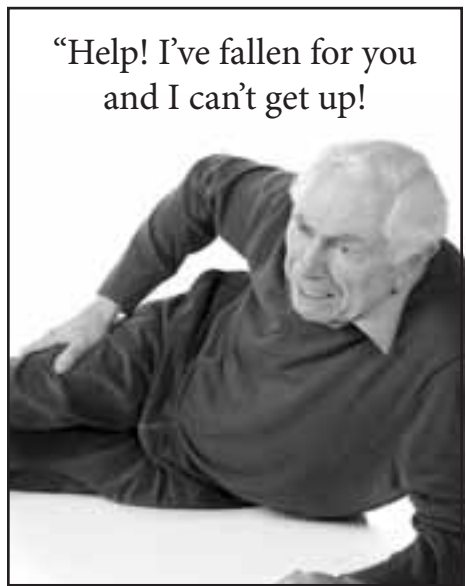

How'd you like to be in my will?

You're so sweet, you're giving my dentures cavities.

Ever done it in a Craft-matic adjustable bed?

My arteries aren't the only things that have hardened.

I would sink my teeth into dat booty but they might just stay there.

Here is my favorite one...

How about we stop by Florida Keys Jewelry and you pick out something nice for yourself and then I will treat you to a romantic dinner before we get on the cruise ship? (Wishful thinking.... sigh!)
