Exciting News for Tavernier/Islamorada!

Enrico's, from Jimmy Johnson's Big Chill, is opening an authentic Italian restaurant at MM 88.8 where the old Boardwalk Pizza used to be - 20 High Point Road.

Along with the same great pizzas and wings you can get at the Big Chill, there will be calzone, subs, NY cheesecake, cappuccino and much more. Owner Larry Calvano is renovating and cleaning the building that is conveniently located near the Government Center, Sheriff's station Dept. and then convalescent center.

Enrico's new location will deliver orders from MM 82 to MM 95. They're planning a soft opening in mid June. Inside you will find TVs playing old movies, and daily happy hour from 4 to 6pm.

As with Enrico's at the Big Chill, all food is prepared fresh with all top quality ingredients and a huge dose of love and passion. Their slogan is "Pizza so great your tongue will slap your brain." The Calvano family is thrilled to be bringing you more of their old-school New York Italian family recipes. You'll be singing Sinatra songs and talking like a New York City Italian. Bon Appetit!

Here's a little history on the family and the restaurant...

Fisherman's Cove and Big Chill took over the old Italian Fisherman property at MM 104 on the bayside that had sat vacant for many years. The Big Chill opened with 3 bars, and exceptional food and entertainment. Then Jimmy Johnson partnered up and hung his trophies in the sports bar and we all thought "it just can't get any better than this."

Enrico's owners Larry & Jami Calvano

But it did - when they added a pizza parlor and made the best pizza in town!

Did you know, the famous Enrico's New York Style Pizza is a tribute to owner Larry Calvano's father?

In Larry's word, "My father, Enrico Michael Calvano, was one of the Masters of the art of making pizza. Starting in New York in the early 60s, my parents opened their first pizza restaurant and after many successful years they decided to move with their 3 young children and start a better life in the beautiful state of Florida, which is every New Yorker's dream. We moved to Fort

Lauderdale and in 1972 Enrico's New York Style Pizza was born.

Enrico became ill and in 2008 he lost his battle with cancer. Over-come with grief the family made a decision to close the business and seek other forms of employment. Larry was already involved with the Big Chill at the time so he kept his focus in Key Largo. His thoughts kept returning to the past and all the great memories, so on May 25th, 2010, the second year anniversary of his father's passing, he decided to go out and buy a pizza oven for the Big Chill. Larry was thrilled to bring back the passion for making pizza

shared by his whole family with over 100 years of combined experience. What better way to honor the Master himself than by naming it "Enrico's New York Style Pizza".

Larry continues, "I have surrounded myself with the best staff in all the Keys, fulfilled my passion for people and serving them the best and freshest products available. With the love and support of my beautiful wife and son, success was sure to follow. Thank you Key Largo for helping make my family's dream come true!"

And we can't rave enough about the pizza! Meatball & Ricotta, White Pizza, Fresh Mozzarella, Arugula, and Hawaiian are the Specialty Pies but the Italian Fisherman (lobster meat, clams, shrimp and crab meat) and The Boss (almost everything) are my favorites. The prices are reasonable, the quality is top-notch, and the flavor is so fresh.

Larry says, "When it comes to pizza it's more than just dollars and cents, it's about pride and passion. We all work hard, but we need to still enjoy the blessings that we have. What better way than to share a freshly prepared, reasonably priced pizza with the whole family?"

Enrico's New York Style Pizza is committed to only serving the finest, freshest ingredients, nothing is canned or frozen. The other guys might make more money on their pies but they will never take more pride and serve as fresh and delicious a pizza as Enrico's. It is true Italian pizza the way it should be! And the Calano family's way of saying "Grazie, Upper Keys!"
