

## EASY SOLUTION TO KILL MOSQUITOS

THE MOSQUITO THINKS THAT THE SALT IS SUGAR. WHEN SHE EATS THE SALT, SHE IS GOING TO GET THIRSTY. THINKING THE WHITE TEQUILA IS WATER, SHE'LL DRINK IT AND GET DRUNK. SHE STARTS TO WALK AWAY, BUT TRIPS OVER THE STICK, HITS HER HEAD ON THE ROCK, AND DIES OF HEAD INJURIES. IT IS JUST THAT SIMPLE!

DOING THE MOST GOOD

Instead of going to Starbucks today, I made coffee at home.

Yelled out the wrong name, and lit a \$5 bill on fire.

Then I walked around the house trying to find an empty seat.

Just left Walgreens with my dog. A lady asked me what kind of dog he was. I said, "He is a bull mastiff service dog." Very rudely she says, "What type of service?"

I said, "He is a BLD." She asked, "What's a BLD?" as she put her face in my dog's face. allowing him to lick her.

I thought for a second, and with a straight face I said, "He is my Butt Licking Dog. I can't find any toilet paper anywhere because of all you hoarding-ass people, so he licks my butt clean. The cashier lost it and walked away from the register.

## Spotlight on: LoKation Real Estate's KELLY WILSON

Kelly Wilson has been in the real estate business for over 30 years in the Florida Keys, and is a multi-million-dollar producer. Kelly started as a receptionist at a local real estate company, where the high quality of her work and people skills were recognized and she was conse-

quently encouraged to get her real estate license. In 2006 she met her current business partner, Susan Holler. After deciding that their skill sets and talents complemented each other, they joined forces and became a dynamic duo in Keys real estate. Wilson's 30

years of experience and understanding of the industry seemed a natural springboard for her to go with a rapidly growing company, Lokation Real Estate, where she could do more with her strong work ethic to provide better service for her customers.

Wilson was born and raised in Cambridge, Massachusetts where she attended Tufts/Northeastern Universities. She relocated to paradise - the Florida Keys, in 1985. Wilson is a member of the Florida Keys Board of Realtors, an active member of the American Legion Ladies Auxiliary Post Number 333, the Key Largo Moose Lodge Chapter 1565 and the Foster and Adoptive Parents Association of the Florida Keys.

Eight years ago two young sisters needed care. Cheyenne was just 14, and Amber was 12. Kelly took the required classes and became their foster parent. After a 3 month foster obligation, she fell in love with the girls and adopted them as a single parent who had never before had children. It was no surprise to people who know Kelly and her determined spirit that mothering was as natural for Kelly Wilson as all of her endeavors.

In addition to assisting real estate customers and her involvement with local fundraisers and community functions, she is particularly devoted to services for our elderly veterans who deserve our attention and respect. Her success lies with the trust and friendship she has built with her clients. Both buyers and sellers have shown her amazing loyalty over the years. Locals here say "There are two kinds of people in the Keys, people Kelly knows, or people Kelly will know!" Over the years Wilson has helped many people in need. She is kind and generous, and a true asset to her community. Although she may only be your realtor for the short time it takes you to find your dream home, investment property or rental in paradise, she will be your trusted friend for life.

Kelly's contact information and current listings can be found in LoKation's ad on the back page.

## LIVIN' LA VIDA LOCKDOWN

I'm as bored as an Amish electrician.

Chicago has banned groups larger than 5. If you're a family of 6, you're all about to find out who's the least favorite!

The longer this goes on, the harder it will be to return to a society where pants and shoes are required!

Happy hour is starting earlier and earlier. If this keeps up, I'll be pouring wine in my cereal.

Today's weather? Room temperature.

30 days hath September, April, June and November All the rest have 31, except May, which had 8000.

Smoking pot and skipping school had me in trouble

constantly. Now weed's legal and schools are closed! These damn kids are livin' the dream!

Damn! I just tried to make my own hand sanitizer and it came out as a rum & coke.

If you get an email with the subject "Knock Knock," don't open it. It's a Jehovah Witness working from home.

After a few days of not going out, I saw someone I knew walking by on the sidewalk outside. I immediately ran to the window and started yelling to them. Now I understand dogs.

Day 53 and it's looking like Vegas in my house: We're losing money by the minute, cocktails are acceptable at any hour, and nobody knows what time it is.
