Official Florida State REOPENING PLAN

We have a 6-phase plan to reopen the state. The plan will be a phased plan that we will plan to utilize in phases. The phases will be planned and the planning will be phased.

We will move quickly and slowly to open but remain closed. I have created a staff of staffers who will plan the phase and planning while phasing their phases.

And that is our reopening plan.

50 million children being homeschooled by gun-owning parents and not one single school mass shooting.

Arming teachers works!!!

HERE'S TO ALL THE DADS...

Who paid for a dinner that no one was grateful for.

Who didn't know if they'd make it to pay day.

Who are trying their best to be a good man, in a society that devalues men.

Who lost their patience multiple times a day because they see their life passing with their dreams still in their chest.

Who never hear, "I'm proud of you," because those are important words to a man.

Who work long hours, and leave all the days frustrations at the door to be there for his kids, because that's what dads do.

Who love so much even when they feel they're failing.

Who shoulder the weight of the world for their family.

You are doing a great job. We're proud of you!

HAPPY
Father's Day

Bartenders Are Essential!

To all the bartenders being told they are non-essential, let us tell you how essential you are.

You are essential to the old man who has no one at home so he comes in to talk to you.

You are essential to the newly single mom who you reassure its okay to have fun and things will get better.

You are essential to all the people who have birthdays that only you remember.

You are essential to the newly 21 who look to you for guidance so they enjoy their 21 st birthday.

You are essential to the older lady, recently divorced, who you make feel comfortable when she feels out of place.

You are essential to all the customers who have no where else to go on holidays.

You are essential to all the regular customers you make sure get home safe at night.

You ARE essential! And you can bet your ass you are missed!

The madness now has its own lexicon...

CORONACOASTER

The ups and downs of your mood during the pandemic. You're loving lockdown one minute but suddenly weepy with anxiety the next. It truly is "an emotional coronacoaster".

QUARANTINIS

Experimental cocktails mixed from whatever random ingredients you have left in the house. The boozy equivalent of a store cupboard supper. Southern Comfort and Ribena quarantini with a glacé cherry garnish, anyone? These are sipped at "locktail hour", ie. wine o'clock during lockdown, which seems to be creeping earlier with each passing week.

LE CREUSET WRIST

It's the new "avocado hand" - an aching arm after taking one's best saucepan outside to bang during the weekly 'Clap For Carers.' It might be heavy but you're keen to impress the neighbors with your high-quality kitchenware.

CORONIALS

As opposed to millennials, this refers to the future generation of babies conceived or born during coronavirus quarantine. They might also become known as "Generation C" or, more spookily, "Children of the Quarn".

FURLOUGH MERLOT

Wine consumed in an attempt to relieve the frustration of not working. Also known as "bored-eaux" or "cabernet tedium".

CORONADOSE

An overdose of bad news from consuming too much media during a time of crisis. Can result in a panicdemic.

THE ELEPHANT IN THE ZOOM

The glaring issue during a videoconferencing call that nobody feels able to mention. E.g. one participant has dramatically put on weight, suddenly sprouted terrible facial hair or has a worryingly messy house visible in the background.

QUENTIN QUARANTINO

An attention-seeker using their time in lockdown to make amateur films which they're convinced are funnier and cleverer than they actually are.

COVIDIOT/WUHAN-KER

One who ignores public health advice or behaves with reckless disregard for the safety of others can be said to display "covidioty" or be "covidiotic". Also called a "lockclown" or even a "Wuhan-ker".

GOUTBREAK

The sudden fear that you've consumed so much wine, cheese, home-made cake and Easter chocolate in lockdown that your ankles are swelling up like a medieval king's.

ANTISOCIAL DISTANCING

Using health precautions as an excuse for snubbing neighbours and generally ignoring people you find irritating.

COUGHIN' DODGER

Someone so alarmed by an innocuous splutter or throat-clear that they back away in terror.

COVID-10

The 10lbs in weight that we're all gaining from comfort-eating and comfort-drinking. Also known as "fattening the curve."
